Request for Proposal

for

SELECTION OF CONSULTANT TO PROVIDE CONSULTANCY SERVICES (ITMS) FOR INTEGRATED TRAFFIC MANAGEMENT SYSTEM AND SMART CITY SURVEILLANCE SYSTEM (SCSS)

Introduction

The Information Technology (I.T.) Act, 2000 enacted by Government of India provides the necessary legal and regulatory framework in which we will use IT in our daily lives. This law has created the right environment for the entry of the private entrepreneur and at the same time, defines the standards of services to the consumers and mainly to the rural masses.

U.P. Electronics Corporation Ltd (UPLC) is the nodal agency appointed by the Government of Uttar Pradesh to provide IT/ITES solutions to the departments. One of the main objectives of the State Government's IT effort is to provide speedy, transparent, accountable and efficient conduct of Government Systems and Delivery of Services. The Government of UP shall use Information Technology as a tool to reduce poverty. The Government is the largest service provider to the rural masses who are handicapped by the lack of information. The UPLC, being the nodal agency is committed to provide the necessary inventories for the spread of IT based education, healthcare, agriculture and allied information in the rural areas.

SERVICES PROVIDED BY THE UPLC:

- I. To Provide IT Consultancy to Various State Government Establishments of Uttar Pradesh.
- II. To provide services as 'System Integrator' to Various State Government Establishments of Uttar Pradesh.
- III. To Provide Hardware Solutions with Installation, Commissioning and Warranty (ICW) to meet out the requirement of Various State Government Establishments of Uttar Pradesh.
- IV. To Provide Software Solutions to cater to the requirement of Various State Government Establishments of Uttar Pradesh.
- V. To Provide IT&ITES Solution on a turnkey basis suitable for end-to-end or partial functioning of State Government Establishments.
- VI. To provide Computer Education and Training to the officials of various Government Departments/ Organizations/Institutions

For resubmission, the bidder should first log in using his/her Login Id and Password and subsequently by his/her Digital Signature Certificate on the e- Procurement website <http://etender.up.nic.in>. The bidder should then select "My Bids" option in the Bid Submission menu.

The page listing all the bids submitted by the bidder will be displayed. Click "View" to see the details of the e-Bid to be resubmitted. After selecting the "Bid Resubmission" option, click "Encrypt & Upload" to upload the revised e-Bid documents by following the methodology provided above.

The bidders can submit their revised e-Bids as many times as possible by uploading their e- Bid documents within the scheduled date & time for submission of e-Bids. No e-Bid can be resubmitted subsequently after the deadline for submission of e-Bids.

Procedure for Submission of Bids

Submission of Bids shall be in accordance with the instructions mentioned below:

For participating in e-Bid through the e-tendering system, it is necessary for the bidders to be the registered users of the e-Procurement website <http://etender.up.nic.in>. The bidders must obtain a User Login Id and Password by registering themselves with U.P. Electronics Corporation Limited, Lucknow if they have not done so previously for registration.

In addition to the normal registration, the bidder has to register with his/her Digital Signature Certificate (DSC) in the e-tendering system and subsequently he/she will be allowed to carry out his/her e-Bid submission activities. Registering the Digital Signature Certificate (DSC) is a one-time activity. Before proceeding to register his/her DSC, the bidder should first log on to the e-tendering system using the User Login option on the home page with the Login Id and Password with which he/ she has registered as per clause (a) above.

For successful registration of DSC on e-Procurement website <http://etender.up.nic.in> the bidder must ensure that he/she should possess Class-2/Class-3 DSC issued by any certifying authorities approved by Controller of Certifying Authorities, Government of India, as the e- Procurement website <http://etender.up.nic.in> is presently accepting DSCs issued by these authorities only. The bidder can obtain User Login Id and perform DSC registration exercise as described in clauses (a) and (b) above even before e-Bid submission date starts. The Corporation shall not be held responsible if the bidder tries to submit his/her e-Bid at the last moment before end date of submission but could not submit due to DSC registration moment before end date of submission but could not submit due to DSC registration problem.

The Bidder shall be required to use own Digital Signature while uploading its Bid. The Bidder shall be required to upload the Bid using its Digital Signature only. Failure to comply or usage of Digital signature of other firm shall be liable for rejection of the Bid.

The bidder can search for active tenders through "Search Active tenders" link, select a tender in which he/she is interested in and then move it to 'My Tenders' folder using the options available in the e-Bid Submission menu. After selecting and viewing the tender, for which the bidder intends to e-Bid, from "My Tenders" folder, the

bidder can place his/her e-Bid by clicking "Pay Offline" option available at the end of the view tender details form. Before this, the bidder should download the e-tender document and Price Schedule/ Bill of Quantity (BOQ) and study them carefully. The bidder should keep all the documents ready as per the requirements of e-tender document in the PDF format except the Price Schedule/Bill of Quantity (BOQ), which should be in the XLS format (Excel sheet).

After clicking the 'Pay Offline' option, the bidder will be redirected to the Terms and Conditions page. The bidder should read the Terms & Conditions before proceeding to fill in the details, the bidder should click "Encrypt & Upload" option given in the offline payment details form so that "Bid Document Preparation and Submission" window appears to upload the documents as per Technical (Qualification details, e-Bid Form and Technical Specification details) and financial (e-Bid Form and Price Schedule/BOQ) schedules/packets given in the tender details. The details of the Demand Draft or any other accepted instrument which is to be physically sent in original before opening of technical e-Bid, should tally with the details available in the scanned copy and the data entered during e-Bid submission time otherwise the e-Bid submitted will not be accepted.

Next the bidder should upload the Technical e-Bid documents for, Qualification details, e- Bid Form as per Technical Specification details and Price Schedule/BOQ" of e-tender document. Before uploading, the bidder has to select the relevant Digital Signature Certificate. He may be prompted to enter the Digital Signature Certificate password, if necessary. For uploading, the bidder should click "Browse" button against each document label in Technical and Financial schedules/packets and then upload the relevant PDF/XLS files already prepared and stored in the bidder's computer. The required documents for each document label of Technical (Qualification details, e-Bid Form and Technical Specification details) and financial (e-Bid Form and Price Schedule/BOQ) schedules/packets can be clubbed together to make single different files for each label.

The bidder should click "Encrypt" next for successfully encrypting and uploading of required documents. During the above process, the e-Bid documents are digitally signed using the DSC of the bidder and then the documents are encrypted/locked electronically with the DSC's of the bid openers to ensure that the e-Bid documents are protected, stored and opened by concerned bid openers only.

After successful submission of e-Bid document, a page giving the summary of e-Bid submission will be displayed confirming end of e-Bid submission process. The bidder can take a printout of the bid summary using the "Print" option available in the window as an acknowledgement for future reference.

11. Deadline for Submission of e-Bids

e-Bids must be submitted by the Bidders on e-tender portal <http://etender.up.nic.in>, not later than the date and time specified in this e-tender document.

The UPLC may extend this deadline for submission of e-Bids by amending the e-tender document in accordance with ITB Clause 4, in which case all rights and obligations of the UPLC and Bidders previously subject to the deadline will thereafter be subject to the deadline as extended.

UPLC shall not consider any request for date-extension for e-Bid-submission on account of late downloading of e-tender (RFP) by any prospective Bidder. E-Bids should be uploaded on e-tender portal <http://etender.up.nic.in> as mentioned in the RFP.

12. Late e-Bids

The server time indicated in the Bid Management window on the e-tender portal <http://etender.up.nic.in> will be the time by which the e-Bids submission activity will be allowed till the permissible date and time scheduled in the e-tender. Once the e-Bids submission date and time is over, the Bidder cannot submit his/ her Bid. Bidder has to start the e-Bid Submission well in advance so that the submission process passes off smoothly. The Bidder only, will be held responsible if his/ her e-Bids are not submitted in time due to any reasons.

13. Clarification of Bidding Documents

A prospective Bidder requiring any clarification of the bidding documents may raise his point of clarification through Bid Management window after successfully logging to the e-procurement website <http://etender.up.nic.in>. The bidder may seek clarification by posting query in the relevant window after clicking "Seek Clarification" option in the view tender details window for tender which can be selected through my tender option of bid submission menu. The clarification will be replied back by the purchaser through the e-procurement website which can be read by the bidder through the "Clarification" option under Bid Submission menu. The purchaser may also respond to clarification raised by the prospective bidders on purchaser's e-mail address md@uplc.in.

14. Withdrawal and Resubmission of e-Bids

At any point of time, a Bidder can withdraw his/ her e-Bids submitted online before the e-Bids submission end date and time. For withdrawing, the Bidder should first log in using his/ her Login Id and Password and subsequently by his/ her Digital Signature Certificate on the e-procurement portal <http://etender.up.nic.in>. The Bidder should then select "My Bids" option in the Bid Submission menu. The page listing all the Bids submitted by the Bidder will be displayed. Click "View" to see the details of the Bid to be withdrawn. After selecting the "Bid Withdrawal" option, the Bidder has to click "Yes" to the message "Do you want to the "Bid Withdrawal" option, the Bidder has to click "Yes" to the message "Do you want to withdraw this Bid?" displayed in the Bid Information window for the selected Bid. The Bidder also has to enter the Bid Withdrawing reasons and upload the letter giving the reasons for withdrawing before clicking the "Submit" button. The Bidder has to confirm again by pressing "Ok" button before finally withdrawing his/ her selected Bid. Once the Bidder has withdrawn his /her Bid he/she cannot re-submit this Bid again.

The Bidder has to request the UPLC with a letter, attaching the proof of withdrawal and submission of e-Bids Processing Fee in the office of Managing Director, UPLC, to return back the e-Bids Processing Fee as per the procedure. The Bidder can resubmit his/ her e-Bids as and when required till the Bid submission end date and time. The new one will replace the e-Bids submitted earlier. The payment made by the Bidder earlier will be used for revised e-Bids and the new Bid submission summary generated after the successful submission of the revised e-Bids will be considered for evaluation purposes. For resubmission, the Bidder should first log in using his/ her Login ID and Password and subsequently by his/ her Digital Signature Certificate on the e-procurement portal <http://etender.up.nic.in>. The Bidder should then select "My Bids" option in the Bid Submission menu. The page listing all the Bids submitted by the Bidder will be displayed. Click "View" to see the details of the Bid to be resubmitted. After selecting the "Bid Resubmission" option, click "Encrypt & Upload" to upload the revised e-Bids documents by following the methodology provided in clauses 09 above.

The Bidders can submit their revised Bids as many times as possible by uploading their e-Bids documents within the scheduled date & time for submission of e-Bids.

No e-Bids can be resubmitted subsequently after the deadline for submission of e-Bids.

15. Receipt and Opening of e-Bids by the Purchaser

Bidders are advised to submit their e-bids in 'Two-Bid' system with Technical and Financial bids separately on e-tender portal.

Please note that prices should not be quoted in the Technical Bid. The Prices should be quoted in the Financial Bid only. The bidder's names and the presence and other details as the Purchaser at its discretion may consider appropriate, will be announced at the opening. The name of such bidders not meeting the qualification requirement shall be notified subsequently.

After evaluation of technical e-Bids, UPLC shall notify those bidders whose e-Bids were considered non-responsive to the Conditions of the Contract and not meeting the Qualification Requirements indicating that they did not technically qualify for selection as Consultant. UPLC will simultaneously notify the bidders, whose technical e-Bids were considered acceptable and they have been shortlisted for opening of their financial e-bids.

16. Notification of Award Notification to Bidder

Prior to the expiry of the Bid validity period, UPLC will notify the successful Bidder in writing or by fax or email, to be confirmed in writing by letter (LOI), that its proposal has been accepted. The notification of award will constitute the formation of the Agreement. Upon the successful Bidder's furnishing of performance security, UPLC will promptly notify each unsuccessful Bidder and return their EMD.

17. Signing of Agreement

At the same time as UPLC notifies the successful Bidder that its proposal has been accepted and UPLC shall enter into an Agreement with the successful Bidder.

18. Failure to abide by the Agreement

Failure of the successful Bidder to agree with the Terms & Conditions of the RFP shall constitute sufficient grounds for the annulment of the award, in which event UPLC may forfeit the EMD/ Performance Bank Guarantee. The contract will be then awarded to the next Bidder by the process of Re-Tendering.

19. Bank Guarantee for Performance

The successful Bidder shall at his own expense may deposit with UPLC, within 15 (fifteen) days after the receipt of notification of award of the Contract (Letter of Intent) from UPLC, an unconditional and irrevocable Performance Bank Guarantee (PBG) from a Scheduled Bank acceptable to UPLC, payable on demand, for the due performance and fulfillment of the Agreement by the Bidder.

The Performance Guarantee may be submitted as Demand Draft/Banker's Cheque from a Scheduled Bank.

This Performance Guarantee shall be for an amount equivalent to 5% of Agreement value. All incidental charges whatsoever such as premium, commission etc. with respect to the Performance Guarantee shall be borne by the Bidder. The Performance Guarantee shall be valid for six months post completion of the Agreement period. Subject to the terms and conditions in the performance Bank Guarantee, at the end of 6 months, the Performance Bank Guarantee may be discharged/ returned by UPLC upon being satisfied that there has been due performance of obligations of the Bidder under the Agreement. However, no interest shall be payable on Performance Guarantee.

20. Cost of preparation of eBids to be borne by the Bidders

Cost of preparation of the Bids shall be borne by the Consultant/ Consultancy concern regardless of the outcome of the bids.

SECTION III: TERMS OF REFERENCE (TOR) AND SCOPE OF WORK (SOW)

Integrated Technology Enabled Citizen Centric Services (ITECCS)

Government of Uttar Pradesh has constituted an Integrated Technology Enabled Citizen Centric Services (ITECCS) Cell within UP Police, which has been setup at Traffic Directorate, UP. This cell has been constituted in recognition of the fact that continuously evolving technologies grant better opportunities to provide superior service delivery to the citizens in an integrated manner. With this view ITECCS cell has been designed as an umbrella organization to create synergies among technology intensive projects like State wide Dial 100 project, Integrated Traffic Management System (ITMS), Smart City Surveillance System (SCSS), Highway police and all such similar services.

1. Integrated Traffic Management System (ITMS)

Uttar Pradesh is the most populous state in the country accounting for 16.4 per cent of the country's population. It is also the fourth largest state in geographical area covering 9.0 per cent of the country's geographical area, encompassing 2,94,411 square kilometres. Dotted with various holy shrines and pilgrim places, full of joyous festivals, it plays an important role in the politics, education, culture, industry, agriculture and tourism of India.

Uttar Pradesh Police is the primary law enforcement agency in the state and it plays a key role in maintaining and upholding the law and order of the cities including traffic flow management and discipline of vehicular traffic on the city roads. It is the amalgamation of these functions that aim to enable the entity to keep the state secure from terror and provide a safe environment to its citizens. UP Police envisages improving the current capabilities by detecting and preventing crime through improved quality of investigation.

To further the development agenda of the Honorable Chief Minister of Uttar Pradesh, Home Department, GoUP has decided to improve the Road Safety and Traffic Management in key metropolises of Uttar Pradesh. In the recent years, road infrastructure has come under tremendous pressure from burgeoning number of vehicles on the roads. The same has resulted in increased instances of accidents, traffic snarls etc. UP Police faces various challenges in traffic management:

- Shortfall of trained manpower
- No systematic planning
- Traffic signals installed on ad hoc basis
- Traffic junctions are not planned properly
- Specifications different for different signals hence can't be integrated into one comprehensive system

The U.P. police has envisaged implementing Integrated Traffic Management System (ITMS) and Smart City Surveillance System(SCSS) in 12 cities in UP. UP Police, Traffic Directorate plans to utilize information technology to modernise one of its key functions of traffic management, Traffic control, Traffic Law enforcement and traffic information dissemination in the city to build a safer city with smooth traffic flow and informed road users.

Lucknow and few other big cities in the state, which are urbanizing rapidly, have witnessed enormous growth in traffic volumes which have, resulted in several traffic problems in and around the city, such as traffic jams, increase in number of road accidents etc. A need was felt to develop an Integrated Traffic Management System, which would aim at improving the efficiency and effectiveness of the traffic on the roads. Implementation of an Integrated Traffic Management system is an initiative taken by UP Police, Traffic Directorate to provide a secure and pleasant road experience.

To realize the benefits of Integrated Traffic Management System (ITMS), it is pertinent to adopt an approach that includes technology based regulation, intervention, information and enforcement system to improve the mobility, discipline and safety on the roads. Therefore, ITMS is envisaged with multiple applications, including variable message sign, speed control signals, dynamic traffic signs, Red Light violation detection system, Speed Violation Cameras amongst others which will ensure that the intended outcomes have been accomplished.

Integrated Traffic Management System (ITMS) will integrate various sub systems (such as CCTV, Vehicle detection, communication, variable message signs etc.) in a coherent single interface that will provides real time data on status of traffic and predict traffic conditions for more efficient planning and operations. Thus, a system such as ITMS shall aim to help police and security agencies to take proactive/ reactive measures and ensure safe & smooth environment on road. and will be seamlessly integrated with other state initiatives like Dial 100 network, Integrated Traffic Management System (ITMS), Smart City Surveillance System(SCSS), Highway policing etc.

The mission of ITMS would be to:

- ✓ Reduce vehicle congestion on roads based on optimized signaling
- ✓ Efficiently detect red light, over speeding and lane change violations and identify vehicle registration number
- ✓ Establish City Traffic Management Centres (CTMC) at 12 cities and one State Traffic Management Centre (STMC)
- ✓ Increased Travel Speed
- ✓ Decreased Stoppage Time
- ✓ Prosecution of Traffic Violators and traffic law enforcement
- ✓ Dissemination of information to commuters on the move
- ✓ Parking Management
- ✓ Coordinated Red Lights & Optimized Signaling

To Summarize, ITMS will have the following components

1. 'Intelligent' Transportation System
 - Automated Signalling System
 - Signals centrally controlled from Traffic Management Centre
 - Centralised monitoring and maintenance
 - Hybrid power sources
 - Signal Synchronisation
 - Vehicles travelling at specified speed always get the green light
 - Pedestrian Signals
 - Exclusive pedestrian phasing
 - Accessible pedestrian devices
 - Corridor Management
 - A corridor means single or multiple routes or facilities
 - Optimization of main and arterial roads, public transport, cycle ways
 - Incident Detection System
 - Congestion, accident in a stretch
 - Area Traffic Control System
 - Coordination of traffic signals at an area level based on real time traffic conditions
 - Reducing congestion
 - Variable Message Signage

- Setting up of City Traffic Management Centres (CTMC) in 12 cities and State Traffic Management Centre (STMC).
- 2. Setting up of State Traffic Management Centres (STMC)
 - Traffic signals
 - Receiving real time information/data
 - Surveillance cameras
 - Beaming live images
 - Enforcement cameras
 - Recording and beaming traffic violation data
 - VMS to give real time traffic information to public
- 3. Road Furniture
 - Road Signage
 - Road Markings
 - Other regulatory information aids
- 4. Junction Improvements
- 5. IT Enabled enforcements
- 6. Traffic Enforcement centers
- 7. Integration with other enforcement Infrastructure

Smart City Surveillance System (SCSS)

In order to enhance the security of the residents of Uttar Pradesh, UP Police plans to build a Smart City Surveillance System (SCSS). The same will address the security concerns by providing better security for the citizens as well as the city's assets and enable quick action and prosecution of suspects by Police. The system will basically involve the installation, appropriate utilization and maintenance of critical and vital infrastructure security and surveillance system. It will aim at providing the infrastructure for solutions including CCTV surveillance, ANPR cameras, Speed detection cameras, other enforcement cameras, video analytics, setting up of and Integration and improvement in the total command, control & communication center solution, and integration with ITMS and other state initiatives like Dial 100 systems etc.

All these solutions will provide a comprehensive line of digital security and surveillance solutions. These solutions are expected to power advanced security infrastructures deployed anywhere for warning and aversion of threats, prevention of terrorism and the provision of safety of people and economic well-being of businesses.

Smart City surveillance will have the following components in scope for the consultants

1. Intelligent Camera Surveillance System with Central Monitoring
 - Intelligent Cameras
 - Surveillance – during nights as well
 - Automatic number plate recognition
 - Speed detection
 - Other enforcement applications
 - Statewide Communication Network
 - Smart City Surveillance Centres (SCSC) in 11 cities and 01 State Level Surveillance Centre in Lucknow.

2. Integration with ITMS
 - Synergies and economies to be derived from
 - Common physical locations
 - Common Cameras
 - Common communication network
 - Common recording and archiving
 - Common Analytics
3. Integration with Private Cameras
 - Developing SOPs for seamless integration and utilisation
4. Availability on Web
 - Live videos for public viewing
5. Recording and Archiving
 - Creating and maintaining databases
 - SOPs for access control and utilization of recorded videos
6. Comprehensive Analytics Systems
 - Enforcement
 - Investigations
 - Preventive – forecasting
7. Integration with ITMS infrastructure
8. Integration with 'Dial 100 at City and State Level.

2. Objective:

System Integrator(s) (SI) will be selected through competitive bidding process that will be responsible to implement ITMS in 12 cities and Smart City Surveillance System (SCSS) in 11 cities namely Kanpur, Allahabad, Varanasi, Agra, Ghaziabad, Gautambudh Nagar, Meerut, Moradabad, Bareilly, Aligarh and Gorakhpur at an appropriate place as per Scope of Work to be defined by the Consultant in consultation with the concerned Government functionaries and other stakeholders. The objective of this RFP is to select a Consultant company who could perform all the required activities, as per Scope of Work defined here under, for selection of a qualified System Integrator(s) (SI). The consultant shall be involved in all the phases of the project from ideation, project planning, design to project management during and post implementation of the project.

The Scope of Work of the selected Consultant shall include but not limited to the following:

PHASE-A (Design Phase)

1. Preparation of Inception Report.
2. Suggestive design of ITMS and Smart City Surveillance System (SCSS).
3. Need assessment based on discussion with key stakeholders
4. Study of best practices of Integrated Traffic Management Systems and Smart City Surveillance Systems.
5. Study of existing IT-enable Citizen Centric Services e.g. Dial 100, CCTNS etc.
6. Field survey to identify the junctions in the identified cities. (There will be different junctions for ITMS and SCSS as per local requirement.
7. Design technology solution for Integrated Traffic Management System and SCSS.
8. Design of capability and solution for operationalization of the State Traffic Management Centre and State Surveillance Centre.
9. Design of specifications of all the equipment's to be procured for the project
10. High level technology design and identification of functional requirements of the solution

11. Design of DPR for implementing ITMS and SCSS
12. Preparation of detailed financial estimates for the identified initiatives/projects.

PHASE-B (Selection of System Integrator(s) (SI) for ITMS & SCSS)

1. Defining Scope of Work in consultation with the Government functionaries and other Stakeholders for Selection of System Integrator(s) (SI).
2. Incorporating the latest technology standards & guidelines in preparation of RFP for SI. Separate RFPs would be floated for SCSS and ITMS.
3. RFP(s) preparation for selection of System Integrator(s) (SI) for ITMS and Smart City Surveillance System (SCSS).
4. Bid Process Management.
5. Drafting of Agreement(s) to be signed between SI and other stakeholders.
6. Assist in issuance of Lol and signing of Agreement with System Integrator(s) (SI).

PHASE-C: Implementation Phase

- 1) Monitoring the procurement, deployment & commissioning of necessary IT Hardware
 - a. Monitoring the installation and commissioning of requisite hardware and system software at various locations;
 - b. Monitoring installation & commissioning of IT infrastructure at Data Center and Disaster Recovery Center; Conduct/Facilitate Final Acceptance Testing of the Hardware as per the specifications & quantities mentioned in the RFP;
 - c. Create Asset registers and capture all necessary details of monitoring the movement of hardware for the project;
 - d. Ensure the Facility Management Services of the System Integrator(s) (SI), to ensure system uptime;
 - e. Provide fortnightly reports
- 2) Monitoring the procurement, deployment & commissioning of necessary networking equipment and connectivity
 - a. Work with Telecom service provider / Network service provider to conduct site survey/study to identify the networking requirements;
 - b. Facilitate the signing of the SLA with Telecom service provider /Network Service provider;
 - c. Monitor the installation and commissioning of networking equipment's & connectivity at various locations;
 - d. Co-ordinate with State IT department;
 - e. Create a frame work for effective monitoring of network availability and escalation leading to resolutions (including use of NMS reports)
- 3) Design and Carryout the following works at each junction where Traffic Signals are installed under this Project
 - a. Junction improvement works including necessary civil, mechanical, Electrical works etc.
 - b. Required Road furniture including signages, Road Marking, traffic diversion, dividers etc.
- 4) Design and Carryout the works related to civil, mechanical and Electrical works at each junction where Surveillance Camera are installed under Smart City Surveillance Project.
- 5) UAT and Go-Live Report: PMU will conduct/assist in the User Acceptance Testing (UAT) and Audit of the system on the completion of the pilot for each phase and will submit a Go-Live Report for each phase. It will be the responsibility of PMU to assess and certify the ITMS/ SCSS Solution and associated infrastructure & services for

each phase ensuring that the solution meets all the functional & security requirements and meets all the standards & specifications as set out and needed to achieve the desired outcomes.

The Go-Live report will include (but not limited to) recommendations on:

- Hardware at various locations and data center.
- Overall ITMS/ SCSS along with State Traffic Management Centre and State Surveillance Centre
- Process design for all the aspects of the system
- Networking equipment & connectivity.
- Security & performance standards of the overall solution.
- Training to the departmental personnel.
- Handholding Support.
- Integration with applications of other departments / agencies etc.
- Any corrective or preventive actions required from any of the Stakeholders.
- Highlight the changes required in the applications and ensure that the suggested changes are incorporated in the system by the System Integrator(s) (SI).
- Recommendations for rollout of the project including the suggestions on the rollout strategy.

The indicative work of **Onsite team named as PMU** will be:

PMU will be responsible for the overall project management and will be responsible to coordinate & communicate with all the stakeholders of the project. **Various activities to be taken by the PMU are as follows:**

I. Coordination with various Stakeholders

PMU would be required to coordinate with all the stakeholders and support the UP Police department while interacting with various agencies (internal and external) during the course of the project. PMU will build mechanisms to ensure coordination and consultation between all key stakeholders and members of the governance committees on a continued basis to facilitate the execution of the project.

II. Program management and progress reporting

- a. Review / Preparation of the monitoring templates for project progress monitoring.
- b. Monitoring the Site preparation to be carried out by the SI
- c. Ensuring that the process based standards, guidelines & frameworks are adhered to during design of system.
- d. Use of project management tools to send periodic updates to all the stakeholders committees
- e. Communicating the progress and deviations to various committees / team ensuring minimal communication gaps.
- f. Define mechanisms for escalation of issues to concerned authorities and assist resolution of issues
- g. Ensure suggested attitudinal change required in Police Personnel towards citizen and training needs requirement, assist department in preparing training contents/ courses.
- h. Identify need for additional trainings resulting due to requirements of attitudinal change, change management, change in application, need for refresher trainings etc.

III. SLA monitoring

- a. Monitoring the performance of the SI against the base project plan.
- b. Measuring the performance of the overall system in terms of availability & efficiency against the service levels already defined for SI.

- c. Suggest changes in SLAs, if required
- d. Suggest corrective and preventive measures to UP Police Department and SI to enhance the performance of the system.
- e. Undertake surprise (cover) and scheduled (overt) visits of call centre, field locations and vehicles
- f. Ensure adherence to SLAs and RFP requirements. Locations shall be pre-approved by UP Police before any such visit is undertaken. At least 3 inspection visits shall be conducted every month.
- g. Assisting the UP Police department in calculating the penalties and payments to SI as per the payment milestones.

IV. Capacity building and Change Management

Monitor the progress and provide status report on Capacity Building initiative including:

- a. Review the capacity building needs and strategy for building capacity for the Police Department for running ITMS and SCSS system
- b. Design effective Change management strategy for the UP Police Department

V. Administrative Support

- a. Identification of risks and suggesting mitigation plans
- b. Assistance in designing the Government orders and other communications that will be circulated across the State for the implementation of the project.

VI. Impact Assessment report

The bidder has to prepare impact assessment report on the Project after expiry of the one year of monitoring as may be required by the UP Police. The report should include the objectives of the project, status of various tasks/service etc. at beginning of the period, efforts made during the period and situation at the end of the period, whether desired objectives were achieved fully or partially, constraints experienced in achieving objectives, suggestion as to overcome the constraints, best practices observed during the period.

In addition to the above mentioned activities, the selected Consultant company would also be required to perform any additional activities that will reasonably be required by the State during the contract period. All the above outlined activities may be required to be completed expeditiously given the strategic nature of the initiative.

3. Geographical scope

- a) Following districts have been identified by UP Police for implementation of ITMS project in the State:
 1. Lucknow
 2. Kanpur
 3. Allahabad
 4. Varanasi
 5. Agra
 6. Ghaziabad
 7. Gautambuddha Nagar
 8. Meerut
 9. Moradabad
 10. Bareilly
 11. Aligarh
 12. Gorakhpur

b) Following districts have been identified by UP Police for implementation of Smart City Surveillance System in the State

1. Kanpur
2. Allahabad
3. Varanasi
4. Agra
5. Ghaziabad
6. Gautambuddha Nagar
7. Meerut
8. Moradabad
9. Bareilly
10. Aligarh
11. Gorakhpur

4. Timeline- Design - 4 Months ; SI Selection 2 Months, Monitoring Phase - 18 Months

5. Resource Deployment (Number of Experts, kind of expertise & qualification required)

Bidders shall be required to deploy an appropriate team consisting of Consultants as per below mentioned requirements. The Bidder shall deploy requisite number of personnel's depending on the allotted work, however Bidder need to provide following resources mentioned in table below for the assigned consultancy work and these resources plus additional resources (if required) shall have to be deployed by the Bidder on engagement for identified task as indicated. The expectations on the resources that would be proposed for the project are as follows:

- a) The team together should have a mix of experts as per the requirement of the project.
- b) The team should consist of resources with prior experience in ITMS/CCTV/e-Governance projects/procurement/Technical competence.
- c) **Each member of the team must be a full time employee of the Bidder.** The Bidder shall make sure apart from the Traffic and Transport Domain Expert, CCTV & Command Center Expert, ITMS expert, **no other resource would be outsourced** till the project execution/completion, not adhering to this would be considered violation of the RFP terms & condition and liable for suitable actions deemed fit by Client Department.
- d) In case of replacement of Onsite resource(s) or deployment of additional manpower, if any, the decision of Department shall be final and binding. Following is the indicative manpower required during the entire project period

S.N.	Type of Resource/ Expertise	Number (Minimum)	Remarks
1	Project Manager	1 (Delivery, Milestones & Project Management)	Complete duration of the Project
2	Traffic and Transport Domain Expert	1 (Traffic and Transport Expertise)	For the initial 6 Months and then on Need basis
3	CCTV & Command Center Expert	1 (CCTV and Command Center Design, architecture and technical experience.)	For the initial 6 Months and then on Need basis
4	ITMS Expert	1 (ITMS Design, architecture and technical experience in Traffic Signaling, Junction improvements)	For the initial 6 Months and then on Need basis

		& Road furnitures)	
5	Senior Consultant	2 (RFP Preparation, Bid Process Management, Escalation Mechanism, SLA monitoring etc.)	Complete duration of the Project. Should have specific experience in Network Design as well. One resource will be dedicated for ITMS and other for SCSS
6	Consultant	2 (Technical resource, Bid Process Management, Preparation of Reports etc.)	Complete duration of the Project. One resource will be dedicated for ITMS and other for SCSS

Other than the above, **A Project Head** will be nominated by the Bidder who shall not be deployed on the project but shall be responsible for the accountability of the whole project, escalations, if any. However, if any other Expert is required as per project's requirement, then it shall be the bidder's responsibility to provide the same. The charges of the expert shall be mutually agreed upon.

5. Payment:

Payments for the contract will be based on approval of the Client Department on the deliverables submitted by the Successful Bidder. The payments will be as per the following schedule:

For ITMS Project :

S.N.	Milestone	% of Total Fee	Basis of approval
1.	Submission of Inception Report including Suggestive design and technology for ITMS	10%	On Approval by Client
2.	Submission of Draft Detailed Project Report for ITMS, including phased costing for the project	5%	On Approval by Client
3.	Submission of Draft RFP for selection of SI	5%	Copy of NIT publication
4.	Publishing of RFP	10%	Copy of Lol
5.	Selection of SI and issuance of Lol	5%	Copy of Agreement
6.	Signing of Agreement with SI	5%	On Approval by Client/Purchaser
7.	Submission of Reports on City Traffic Management Centers Go- Live in 12 cities and state level.	20%	On Approval by Client/Purchaser
8.	Submission of Project Management Reports including SLA Monitoring on quarterly basis	Remaining 40% (To be paid in equal installment at the end of every quarter)	On Submission of Monthly reports

Notes: Consultant has to ensure timely delivery of deliverables as per milestones defined above.

(*T0 - Effective Date of Agreement with the Consultant)

For Smart City Surveillance System (SCSS)

S.N.	Milestone	% of Total Fee	Basis of approval
1.	Submission of Inception Report including Suggestive design and technology for Smart City Surveillance System (SCSS)	10%	On Approval by Client/Purchaser
2.	Submission of Draft Detailed Project Report for SCSS, including phased costing for the project	5%	On Approval by Client/Purchaser
3.	Submission of Draft RFP for selection of SI	5%	Copy of NIT publication
4.	Publishing of RFP	10%	Copy of Lol
5.	Selection of SI and issuance of Lol	5%	Copy of Agreement
6.	Signing of Agreement with SI	5%	On Approval by Client/Purchaser
7.	Submission of Reports on City Surveillance Centres (11cities) and state Surveillance Centre.	20%	On Approval by Client/Purchaser
8.	Submission of Project Management Reports including SLA Monitoring on quarterly basis	Remaining 40% (To be paid in equal installment at the end of every quarter)	On Submission of Monthly reports

6. Change Request

The following would constitute a Change request:

1. Any work which has not been specifically mentioned in the scope of work.
2. Any changes in the deliverables post approval by the Client/Purchaser.
3. Bid Process Management in case of re-tendering is to be done for reasons for which the consultants are not responsible.
4. Any delay in the project timelines beyond the calendar time mentioned in the tender document for which Bidder is not directly responsible.

SECTION IV: BIDDER'S ELIGIBILITY CRITERIA & METHOD OF SELECTION, EVALUATION PROCESS

Bidder's Eligibility Criteria

Only those consultants shall be eligible for bidding in this tender who are empanelled with UPLC vide eBid reference no.UPLC-IT-CONSUL-EMP-03-12-2014 as on date of RFP publishing. Bids submitted by any other bidder would be treated as non-responsive.

- a) Bid should comprise of following sections:
 - i) Technical Bid
 - ii) Financial Bid
- b) Both the bids must be submitted separately on e-tender portal <http://etender.up.nic.in>. Prices should not be quoted in the Technical Bid. The prices should be quoted in the Financial Bid only.

1. Evaluation of Technical Bids: -

- ✓ Constitution of Consultant Evaluation Committee (CEC)
 - The evaluation of the e-bids shall be carried out by Consultant Evaluation Committee (CEC), which shall be constituted by UP Electronics Corporation Limited consisting of members from finance, legal and other concern department of UPLC and technical expert(s) from Government/Institutions. The representative of Home Department, UP, or as may be decided later shall be a member of Consultant Evaluation Committee (CEC). The CEC will evaluate the tenders in two stages i.e. Technical & Financial.
- ✓ Technical bids should be analyzed and evaluated by a Consultancy Evaluation Committee (CEC). Technical bids in the following conditions will be summarily rejected as being non responsive
 - Technical Bids of those bidders, who are not empanelled with UPLC as Consultants.
 - Technical bids unsigned and incomplete, not responding to the TOR fully and properly and those with lesser validity than that prescribed in the RFP.
- ✓ Technical Qualification: The consultant evaluation committee (CEC) shall evaluate the bids for short listing, inter-alia based on their past experience of handling similar types of projects, strength of their manpower and presentation as detailed here under: -

SN	Requirement in RFP	Marks	Supporting Documents Required

For selection of consultant, the bidder would be technically evaluated out of 100 marks. Bids receiving 75 marks and above would qualify for financial evaluation and the weightage of the technical bids and financial bids will be in the ratio of 70:30.

2. Evaluation of Financial e-Bids

- The financial e-Bids shall be opened by CEC in presence of representative of the technically qualified Bidders who chooses to attend. The name of the Bidders and the proposed prices shall be read and recorded when the financial proposals are opened.
- If there are conditions attached to any financial e-bids, which shall have bearing on the total cost, the Consultant Evaluation Committee, will reject any such e- bids as non-responsive financial proposal. However, if the CEC feels it necessary to seek clarifications on any financial proposals regarding Taxes, duties or any such matter, the CEC may do so by inviting responses in writing. o The total cost will include all Taxes and duties for which the purchaser made payments to the bidder and other reimbursable expenses, such as Travel, Translation, report printing or expenses etc. **In the Financial Proposal Submission Form placed at Annexure - V, the total cost of assignment as per Scope of work mentioned will be quoted.**

3. Negotiations

- Negotiations are not an essential part of the selection process. However, many times, with the objective of optimal cost reduction in the interest of the State, it is felt necessary to conduct negotiations with the selected Consultant. Negotiations shall include discussions of the TOR, the methodology, the staffing, Government Department inputs and special conditions of the contract. These discussions shall not substantially alter the original TOR or the terms of the contract, test the quality of the final products, its cost and the relevance of the initial evaluation be affected. The final TOR and the agreed methodology shall be incorporated in "Description of Services" which shall form part of the contract.

4. Award of Contract

In a particular case of selection of consultant, the bidder would be technically evaluated out of 100 marks. Bids receiving 75 marks and above would qualify for financial evaluation and the weightage of the technical bids and financial bids as 70:30.

The Selected bidder shall be the first ranked bidder (having the highest combined score).

As an example, the following procedure can be followed. In response to the RFP, 3 proposals, A, B & C were received. **The technical evaluation committee awarded those 75, 80 and 90 marks respectively.**

The minimum qualifying marks were 75. All the 3 proposals were, therefore, found technically suitable and their financial proposals were opened after notifying the date and time of bid opening to the successful participants. The price evaluation committee examined the financial proposals and evaluated the quoted prices as under: Proposal

Evaluated cost	
A	Rs. 120.
B	Rs. 100.
C	Rs. 110.

Using the formula $LEC \times 100 / EC$, where LEC stands for lowest evaluated cost and EC stands for evaluated cost, the committee gave them the following points for financial proposals: A: $100 \times 100 / 120 = 83$ points B: $100 \times 100 / 100 = 100$ points C: $100 \times 100 / 110 = 91$ points In the combined evaluation, thereafter, the evaluation committee calculated the combined technical and financial score as under: Proposal A : $75 \times 0.70 + 83 \times 0.30 = 77.4$ points Proposal B : $80 \times 0.70 + 100 \times 0.30 = 86$ points Proposal C: $90 \times 0.70 + 91 \times 0.30 = 90.3$ points

The three proposals in the combined technical and financial evaluation were ranked as under:

Proposal A: 77.4 points H3 Proposal B: 86 points H2 Proposal C: 90.3 points H1

Proposal C at the evaluated cost of Rs. 110 was, therefore, declared as winner and recommended for negotiations/approval, to the competent authority.

The First Rank Bidder received in the tender, will be submitted to Client Department for approval of consultant. After acceptance of the said proposal by the Client Department, the consultancy work will be awarded to the successful consultant.

5. Contract Agreement

- All the terms and conditions shall also be applicable as per the empanelment agreement signed between UPLC and the Selected Consultant. However, in case the Client Department (Home Department, GoUP) wants to execute Project Specific Agreement, the Selected Consultant shall have to abide by the same.

6. Confidentiality

- The selected consultant will treat as confidential all data and information about the purchaser/end-customer, obtained during the execution of its responsibilities, in strict confidence and will not reveal such information to any other party without prior written approval of the purchaser/end-customer.

SECTION V - STANDARD TERMS AND CONDITIONS

Without limitation on the generality of this rule, consultant shall not be permitted to perform themselves directly or indirectly in totality or in part, by any of its associated company / Firm/ society or any entity with business interest, any of the subsequent IT implementation job concerned with the Project, for which the Consultancy has been awarded to the Consultant.

Placement of Work Order

Work order shall be released to the selected consultant only after receipt of the work order from the client department. In case the corporation does not receive work order within the validity period of the proposal, the work order shall not be released to the consultant.

Application

The proposal offer should contain all the work envisaged under the scope of work, Key points mentioned under and those proposals giving only part of the work would be rejected. Detailed scope of work is mentioned in Section III.

Conflict of Interest

The consultant shall not receive any remuneration in connection with the assignment except as provided in the contract. The consultant and its affiliates shall not engage in consulting activities that conflict with the interest of the client under the contract and shall be excluded from downstream supply of goods or construction of works or purchase of any asset or provision of any other service related to the assignment other than a continuation of the "Services" under the ongoing contract. The consultants should provide professional, objective and impartial advice and at all times hold the client's interests paramount, without any consideration for future work, and that in providing advice they avoid conflicts with other assignments and their own corporate interests. Consultants shall not be hired for any assignment that would be in conflict with their prior or current obligations to other clients, or that may place them in a position of being unable to carry out the assignment in the best interest of the Employer. Without limitation on the generality of the foregoing, consultants shall not be hired, under the circumstances set forth below:

- a. Conflict between consulting activities and procurement of goods, works or services: A Consultant/Consultancy concern that has been engaged to provide goods, works, or services for a project, and each of its affiliates, shall be disqualified from providing consulting services related to those goods, works or services. Conversely, a Consultant / Consultancy concern hired to provide consulting services for the preparation or implementation of a project, and each of its affiliates, shall be disqualified from subsequently providing goods, works or services for such preparation or implementation.
- b. Conflict among consulting assignments: Neither consultants (including their personnel and sub-consultants) nor any of their affiliates shall be hired for any assignment that, by its nature, may be in conflict with another assignment of the consultants. As an example, consultants hired to prepare engineering design for an infrastructure project shall not be engaged to prepare an independent environmental assessment for the same project, and consultants assisting a client in the privatization on public assets shall neither purchase nor advise purchasers of, such assets. Similarly, consultants hired to prepare Terms of Reference (TOR) for an assignment shall not be hired for the assignment in question.
- c. Relationship with Employer's staff: Consultants (including their personnel an sub- consultants) that have a business or family relationship with such member(s) of the Employees (UPLC) staff or with the staff of the project implementing agency, who are directly or indirectly involved in any part of;

- (i) The preparation of the TOR of the contract,
- (ii) The selection process for such contract, or
- (iii) Supervision of such contract; may not be awarded a contract unless it is established to the complete satisfaction of the employing authority, for the reason to be recorded in writing, that such relationship would not affect the aspects of fairness and transparency in the selection process and monitoring of consultant's work.

Unfair Competitive Advantage

Fairness and transparency in the selection process require that consultants or their affiliates competing for a specific assignment do not derive a competitive advantage from having provided consulting services related to the assignment in question. To that end, the request for proposals and all information would be made available to all short listed consultants together.

Disclaimer clause

The Employer or any of its officers, employees, contractors, agents or advisers, subject to any law to the contrary, shall not be liable for any loss or damage (whether foreseeable or not) suffered by any person acting on or refraining from acting because of any information including forecasts, statements, estimates, or projections contained in this RFP document or conduct ancillary to it whether or not the loss or damage arises in connection with any negligence, omission, default, lack of care or misrepresentation on the part of Employer or any of its officers, employees, contractors, agents or advisers.

Disclosure of Interests and Links

The Bidders should disclose whether the Bidder (of this RFP) Company or its any of its associated company/firm/society or any entity with business interest, are already empanelled with or have applied for their empanelment with UPLC under any of the business activities such as Software or Hardware or Computer Education and Training, etc. or with business interest, any of the subsequent IT implementation job concerned with the Project. The bids of such bidders will not be considered.

The Bidders should also disclose whether the Bidder Company or any of its associated company / firm / society or any entity with business interest have any association or link in any manner with the Consultant Evaluation Committee members or its family members of his/hers, associated this RFP. The bids of such bidders will not be considered.

Standards of Performance

The consultant shall perform the services and carry out its obligations under the contract with due diligence efficiency and economy in accordance with generally accepted professional standards and practices. The consultant shall always act in respect of any matter relating to this contract as faithful advisor to the UPLC and Client Department i.e. Home Department, Govt. of UP. The consultant shall always support and safeguard the legitimate interests of the UPLC and Client Department i.e. Home Department, Govt. of UP in any dealings with the third party. The consultant shall abide by all the provisions/Acts/Rules etc. of Information Technology prevalent in the country. The consultant shall conform to the standards laid down in the RFP in totality.

Limitation of Liability

Limitation of Liability towards the consultant shall not exceed the contract value.

Consultant Personnel

- a) The Consultant shall deploy and provide such qualified and experienced personnel as may be required to perform the services under the requirement of project. There are specialized domains of project in concern and it is desirable from the consultant to deploy the domain/subject specialists, from time to time, who have adequate experience in the domain related with the project. The deployed resources should be dedicated in nature.
- b) Without the consent of Client Department i.e. Home Department, Govt. of UP, no changes shall be made in the resources deployed on the project. If, for any reason beyond the reasonable control of the Consultant, as such retirement, resignation, death, medical incapacity, among others, it becomes necessary to replace any of the Key Personnel, the Consultant shall provide as a replacement a person of equivalent or better qualifications, with approval from the Client Department i.e. Home Department, Govt. of UP.
- c) Maximum number of replacements to be made in the team of resources deployed on the required project shall not exceed beyond 2 for one year of the contract signed between UPLC and Consultant.
- d) Consultant shall have no claim for additional costs arising out of or incidental to any removal and/or replacement of Personnel.
- e) If the Client Department i.e. Home Department, Govt. of UP requests to replace resource(s), then Consultant shall be required to replace the resource(s) within 2 weeks from the date of request raised.

Applicable Law

Applicable Law means the laws and any other instrument having the force of law in India as may be issued and in force from time to time. The Contract shall be interpreted in accordance with the laws of the Union of India and the State of Uttar Pradesh.

Assignment and Subcontracting

- a) Consultant shall not assign or transfer this contract or part thereof to any other party without written consent of the Client Department i.e. **Home Department**, Govt. of UP.
- b) For the purpose of the liabilities under this Bid, the Bidder will be considered as a solely liable for delivery of all the components of the Bid and scope of work.

Intellectual Property Rights

No services covered under the Contract shall be sold or disposed by the Consultant in violation of any right whatsoever of third party, and in particular, but without prejudice to the generality of the foregoing, of any patent right, trademark or similar right, or any charge mortgage or lien. The Consultant shall indemnify the UPLC and Client Department i.e. **Home Department**, Govt. of UP from all actions, costs, claims, demands, expenses and liabilities, whatsoever, resulting from any actual or alleged infringement as aforesaid and at the expenses of the Consultant, the UPLC and Client Department i.e. Home Department, Govt. of UP shall be defended in the defense of such proceedings.

Governing Language

The Contract shall be written in English Language. All correspondences and other documents pertaining to the contract, which are exchanged between the parties, shall be written in the English/Hindi.

Payment Terms

All payments from the client department i.e. Home Department, Govt. of UP shall be receivable through NEFT/Cheque/Draft in favouring UP Electronics Corporation Limited, payable at Lucknow. After receipt of the payment from the client department the running payment may be released to the concerned Consultant as per the

terms and conditions of the contract awarded to the Consultant by UPLC and approval of the deliverables and performance by the Client Department in project.

Taxes

The Bidder may be subject to all applicable taxes (such as applicable Service Tax) on amounts payable by the Purchaser under the contract and applicable deductions such as TDS etc if any will be deducted from the amount payable to the consultant.

Termination of Contract

The Consultant's association with the UPLC will terminate in case of following conditions:

- a) The term of Contract expires.
- b) Performance is below expected level
- c) Non-adherence to the timelines of the project.
- d) Quality of work is not satisfactory and not acceptable to the end user.

Termination for Insolvency, Dissolution etc.

The UPLC may at any time terminate the Contract by giving written notice to the Consultant, if the Consultant becomes bankrupt or otherwise insolvent or in case of dissolution of company or winding up of company. In this event termination will be without compensation to the Consultant, provided that such termination will not prejudice or affect any right of action or remedy, which has accrued or will accrue thereafter to the UPLC.

21. Fraud and Corruption

Under the policy of "UP. ELECTRONICS CORPORATION" policy the Bidder, if selected shall have to observe the highest standard of ethics during the selection and execution of such contracts. In pursuance of this policy, the UPLC

- Defines, for the purposes of this provision, the terms set forth below as follows:
- "Corrupt practice" means the offering, giving, receiving, or soliciting of anything of value to influence the action of a public official in the selection process or in contract execution; and
- "Fraudulent practice" means a misrepresentation of facts in order to influence a selection process or the execution of a contract to the detriment of the "UPLC" and includes collusive practices amongst consultant (prior to or after submission of proposals) with other Service Provider, designed to establish prices at artificial, noncompetitive levels and to deprive the "UPLC" of the benefits of free and open competition.
- Will reject a proposal for award if it determines that the consultant recommended for award is/was engaged in corrupt / fraudulent / coercive activities in getting the contract in question;
- Will cancel the consultant's contract if it at any time determines that its representatives are engaged in corrupt or fraudulent practices.
- Will declare a consultant ineligible, either indefinitely or for a stated period of time, to be awarded a "UPLC" contract if it at any time determines that the consultant has engaged in corrupt or fraudulent practices in getting or executing the "UPLC" contract;
- Will cancel the contract if at any stage it comes to know that the selected Consultant or Consulting Company has any relation with any of the members of Consultancy Evaluation Committee (CEC) or the decision making authorities.
